WONDERFUL CURE

Skin Peeled and Flesh Got Hard and Broke - Blood Flowed in Fifty Places - "Single Box of Cuticura Ended Suffering."

"About cleven years ago I was trou-bled with sore hands, so sore that when I would put them in water the pain I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would got hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for fully three years but could got no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as had when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heartsore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often feit like giving up my position. he was placed didn't I put up de coin for de lawyer! Didn't I pay for des-witnesses! Sure I did! De oder day just t' leave him know his fren's ain't tied the can on 'm. So I drives out to de jail and goes into d' warden's office and he says I gotter send me card in. Me card! D'ye get dat? Well, anying op my position.

Before I started to work mornings

Before I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. After doctoring for three years, and spending much money, a single hox of Cuticura Cintment ended all my sufferings. It's been eight years since I used any and I don't know what sore hands are now, and never lost a day's sore hands are now, and never lost a day's work while using Cuticura Ointment. Thomas A. Claney, 310 N. Montgomery St., Trenton, N. J., Nov. 11, 1909."
